Broome Tobacco Asset Securitization Corporation
Broome County
60 Hawley Street, 4th Floor
Binghamton, New York 13901

To the Board of Directors:

We have audited the financial statements of the Broome Tobacco Asset Securitization Corporation (“BTASC”), a component unit of the County of Broome, New York, as of and for the year ended December 31, 2021, and have issued our report thereon dated March 9, 2022. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated February 7, 2022, our responsibility, as described by professional standards, is to form and express opinions about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of BTASC solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by BTASC is included in Note 1 to the financial statements. Except for the matter discussed below, there have been no initial selection of accounting policies and no changes in significant accounting policies or their application during the year ended December 31, 2021.

During the year ended December 31, 2021, BTASC implemented Governmental Accounting Standards Board (“GASB”) Statements No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*; No. 91, *Conduit Debt Obligations*, No. 92, *Omnibus 2020*; No. 93, *Replacement of Interbank Offered Rates*; No. 97, *Certain Component Unit Criteria*, and *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84*, and a suppression of GASB Statement No. 32; and No. 98, *The Annual Comprehensive Financial Report*. GASB Statement No. 89 enhances the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for certain interest costs. GASB Statement No. 91 provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. GASB Statement No. 92 enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. GASB Statement No. 93 addresses those and other accounting and financial reporting implications that result from the replacement of an interbank offered rate (“IBOR”). GASB Statement No. 97 increases the consistency and comparability related to the reporting of fiduciary units, mitigates costs associated with the reporting of certain defined contribution plans and enhances the relevance, consistency and comparability of the accounting and reporting for Internal Revenue Code Section 457 deferred compensation plans. GASB Statement No. 98 establishes the term annual comprehensive financial report and its acronym ACFR, which replaces the acronym for comprehensive annual financial report. The implementation of GASB Statements No. 89, 91, 92, 93, 97, and 98 did not have a material impact on BTASC’s financial position or results from operations.

No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimate affecting the financial statements for the year ended December 31, 2021 was the recognition of tobacco settlement revenues as a receivable, and the Subordinate Turbo CABs outstanding and related accreted interest within governmental activities.

Management's estimate of the recognition of tobacco settlement revenues is based on a combination of recent trends and historical data of tobacco settlement revenue received by BTASC. Management's estimate of Subordinate Turbo CABs outstanding and related interest is based on previous years' activity and work of a third party specialist. We evaluated the key factors and assumptions used to develop these estimates and determined that they are reasonable in relation to the basic financial statements taken as a whole and in relation to the applicable opinion units.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting BTASC's financial statements relate to long-term debt and related party transactions as described in Notes 4 and 7 to the financial statements.

Significant Unusual Transactions

For purposes of this communication, professional standards require us to communicate to you significant unusual transactions identified during our audit. We encountered no significant unusual transactions throughout our audit.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole and each applicable opinion unit. No material misstatements were identified during our audit.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. No misstatements were identified by us as a result of our audit procedures that were considered material, either individually or in the aggregate, to the financial statements taken as a whole or applicable opinion units.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to BTASC's financial statements or the auditors' report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter dated March 9, 2022.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with BTASC, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as BTASC's auditors.

This report is intended solely for the information and use of the BTASC Board and management of the BTASC and is not intended to be and should not be used by anyone other than these specified parties.
